For three years now we have stuck together.

AS SOPHOMORES—we felt the wrath of the seniors.

AS JUNIORS—we were a class the seniors had to recognize despite their preoccupation with the sophomores.

AS SENIORS—we had to prove what the whole school already knew—WE WERE NO. 1.

Now, as we look down the halls of Central for the last time, tears fill our eyes as in glorious unison we shout—

HOOOOOOOOOOOORAAAAAY!

Come, come climb the stairs into tomorrow with me.
I can see in your eyes that yesterday's toys do not excite you any longer.
My soul is also stormy, it's yearning to discover what lies ahead.
In wonderment we search for tomorrow.

Endlessly we climb, never quite able to reach the crest.
Then one day we stop to rest and reflect on our lives.
Suddenly the air becomes heavy with sadness, for we become aware of the fact that;
While we were reaching for the unreachable,
Life passed us by.

Now there are very few tomorrows left.
We now must live each moment; for it's all we have.
Each day must provide us with the joy of living.
Now is the time to
LIVE!

THE CONQUERING MIND

If you think you are beaten, you are;
    If you think you dare not, you don't;
If you like to win, but think you can't
    It's almost a cinch you won't.

If you think you'll lose, you've lost,
    For out in the world you'll find
Success begins with a person's will—
    It's all in the state of mind.

Think big and your deeds will grow,
    Think small and you fall behind,
Think that you can, and you will;
    It's all in the state of mind.

If you think you're outclassed, you are;
    You've got to think big to rise;
You've got to be sure of yourself before
    You can ever win a prize.

Life's battles don't always go
    To the stronger or faster man;
But sooner or later, the man who wins
    Is the fellow who thinks he can.
